• Town Manager Richard Bowen this week ordered an end to all burning at the Andover dump, previously operated on a 75 percent landfill basis.

• The Richardson School on Lowell St. may be legally demolished, but the Board of Selectmen will have to ask Town Meeting for authorization and funds, according to Town Counsel Fredric O'Brien. Manager Richard Bowen has asked that demolition of the "attractive nuisance" be considered, extending the playground area already available.

• The Town will take steps to determine if a qualified elevator inspector lives in the community before further consideration of turning this job over to the state. Manager Richard Bowen favors letting the state Public Safety Dept. assume full responsibility for this technical operation since Andover has too few elevators to keep a fulltime inspector busy. State inspections are made at regular intervals, duplicating local efforts he believes.

• Roland Dewhurst, 40, 43 County Rd., received first and second degree burns on both hands, face and ears Sunday when gasoline exploded at his home. He was pouring gas into the carburetor when it ignited.

• For the second time the Town will advertise its willingness to sell the Bradlee School, eliminating the \$50,000 upset price stipulated previously. If bids do not come in (none were received previously), a public auction will be scheduled.

• Phinney's Television & Stereo, Inc., located in Olde Andover Village shopping center, was entered at approximately 8:15 p.m. Saturday. Owner Robert Phinney reports that a \$25 tape recorder was taken. He placed a value of

Aid For Mamie Approved Here

Over the protest of two members the School Committee voted Tuesday to permit solicitation of funds in the public schools for the \$250,000 drive presently underway to save the U.S.S. Massachusetts from demolition.

In the same meeting the Committee refused a second break with policy, vetoing a request that March of Dimes cards be circulated through the schools.

The Committee was deadlocked on the "Big Mamie" question in the early minutes of the meeting when William Doherty was substituting for Chairman John Sullivan. Motions both for and against the collection went with-

School Heads Ready Specs For Approval

The School Committee haggled Tuesday over the wording of a single sentence in the cover letter which will go to School Assistance Commission officials Nov. 20 with educational specs for the proposed \$3.9 million school.

The trick is to explain how Andover can present the program outlined in specifications without the 1,000 seat auditorium originally stipulated. Town Meeting, in a budget-cutting mood, deleted this item when it voted the school last month.

As finally approved, the auditorium sentence reads, "Through the use of designated substitute facilities, the bulk of the programs can be carried on (without an auditorium)."

The paragraph indicates that the School Committee considers that the auditorium has been deferred, not deleted, and it is on this basis that it hopes to persuade the Assistance Commission it can function five to seven years without it. It has been estimated the school population will outgrow the 1,200 student facility planned within that time, forcing construction of additional space for 600 more students.

Both Committeewoman Barbara Moody and Henry Wolfson, an observer from the Taxpayers Assoc., objected to the use of the word "bulk". In their opinion the full program could be salvaged if adjustments were made to provide for use of the gymnasium, the present high school auditorium which will be within walking distance, and large group instruction rooms.

Chairman John Sullivan, on the other hand, felt it would be "less than honest" to infer that nothing educational would be sacrificed

What's all this about "CAVEAT EMPTOR"?

At the end of one of these statements, we recently used the words: CAVEAT EMPTOR. This raised the eyebrows of some of our readers. We are glad to know that we have some readers. But it is not our purpose to mystify. With apologies, we'll try to explain.

This Latin phrase is still a part of our law. It means that the buyer (emptor) has the responsibility to examine his purchases carefully in order to protect himself against misrepresentation.

We always urge shoppers to read labels carefully so they may know what's inside. But life is short, shoppers are often in a hurry and they often won't take the time to do this. Even less will they take the time to divide the cost by a weight expressed in fractions, in order to get the cost per pound or per ounce.

If a buyer is not in a position to analyze each purchase carefully, there is an alternative. And that is, to do your shopping in a store in whose sense of fair dealing you have confidence. When you do this, you may shop with greater peace of mind, and you may —

Center Schedules Two Teen Dances

The Andover Youth Center has scheduled a dance for Intermediates for Nov. 28 and a Junior dance for Nov. 21, it was reported this week.

Prize winners at Saturday's dance were Helmut Lutsch, Thomas Holden, Barry Keith, Elaine Campbell and Margaret Lundergan.

Center officials report that the swimming program at Phillips Academy will begin Nov. 24 with boys scheduled in for 4:30 p.m. dips, and girls at 5:30. Registration and permission slips are available at the Center.

The Beginners Art Class is filled, but another will be started if a sufficient number of teenagers apply. There are openings in the Junior Girls Cooking Class.

On Nov. 18 at 7:30 p.m. the Center will hold Open House for teenagers and adults. A demonstration of ski equipment will be given by Philip Fairfield, ski instructor.

Also reported: Helmut Lutsch is winner of the intermediate ping pong tournament; with the pre-season senior basketball league winding up its season, plans are being formulated for formation of a winter league.

A VOTE OF THANKS

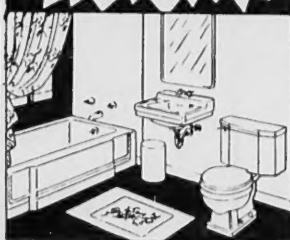

The Teenage Republican Club has issued a statement of appreciation to local teenagers for their support during the presidential election campaign.

Appreciation is expressed also to the Republican Town Committee for cooperation, especially Arthur Spirdone and Mrs. Arnold.

PROMISING SUPPORT for the Andover Lions Club's 10th Annual Eye Research Drive is Town Manager Richard Bowen, center, who discusses the program with Edward Stupack, Lion President, and Jack Fleming, Eye Conservation Chairman.

Eye Research Lions' Goal

In progress is the Lions Club's annual Eye Research Drive which supports a program of research for the cure and prevention of blindness.

Andover residents have been contacted by mail for contributions, according to Jack Fleming, Eye Conservation chairman. The club has set a local goal of \$1,000, part of which would be used to benefit hospitals in this area.

In discussing the campaign, Mr. Fleming said, "One out of every 550 Americans is blind, and every day 60 more people in this country go blind. The great tragedy of all of this is that the affliction is often the result of lack of knowledge. Despite the achievements of medical science in other fields, we have been losing ground in the battle against blindness because of insufficient emphasis on eye

research in years past. We know that if funds are provided, eye research will ultimately find a way to prevent the causes of blindness. We ask the support of everyone in the community."

Residents are being asked to send their contributions to Andover Lions Club, c/o Harold E. Coleman, Bay State Merchant National Bank, 84 Main St.

Retelle Back In AVIS Post

Albert R. Retelle was re-elected president of the Andover Village Improvement Society at its annual meeting held Monday at Central School. Sixty members attended.

At the general meeting, the membership elected trustees who in turn re-named Albert R. Retelle president for his fifth term. Trustees elected for three-year terms were Stephen Parson, Arthur Johnson, Charles Smith, Miss Ruth Hayes, Mrs. Joshua Miner; two-year term, Albert Retelle; one-year term, David MacDonald, Jr. Edmond E. Hammond was named to the investment committee.

Reports were heard from Per Bro on membership, Harold Rafton on land acquisition and Stephen Parson on fund raising. An appeal was made for member help in promoting the membership drive.

Other officers elected in the trustees session were Harold Rafton, vice president; Mrs. Waters Kellogg, second vice president; Mrs. Per Bro, secretary; and David MacDonald, Jr. treasurer.

On the program was the wildlife film, "From Dawn to Dusk." Carl Scott and Jack Sevedbury narrated the filmed story of a typical day at a beaver pond in central Massachusetts.

IN CHORAL SOCIETY

John Dolan, 24 Bannister Rd. and his wife Carole have been selected, following auditions, for membership in the University of Illinois Oratorio Society. The choral organization includes students, faculty and townspeople.

White Gravel Permit OK'd

The Board of Selectmen has cleared a gravel permit for Sidney P. White, authorizing gravel removal by J. F. White Co. from a site off Argilla Rd.

The dairy owner's permit has been tied up since last summer when his request to operate a pit preparatory to residential development in the area between Argilla and Blood roads stirred a storm of protest.

The board took the position then that White's request could not be honored until operations and clean up work at the Reed pit across the street had been completed.

J. F. White, also contractor for the Reed operation, told the board in late September that it was prepared to abandon operations there. Two weeks later the board threatened White with forfeiture of its bonds if within 60 days the company did not put the pit in condition for closing. The Selectmen also said they would blackball future White work in Andover if the land was not put into condition as stipulated in the original permit.

Town Manager Richard Bowen said Monday that J. F. White has complied with all the Board's stipulations.

One of the greatest single contributions to medicine was the discovery of insulin, the diabetic's means of enjoying a long, useful life.

Insulin was the idea of Frederick Banting, although others -- notably Charles Best and J. B. Collip -- played notable roles in its development.

The original insulin was obtained from the pancreases of dogs, but from later study a method was found for extracting fresh pancreas (sweetbreads) of beef with acidulated alcohol.

Highway Litter Creates Problem

Faced with a complaint about trash from MacDonald's hamburger stand on North Main St., the Board of Selectmen moved Monday to request that \$50 litter signs be posted from one end of Rt. 28 (Main St.) to the other.

Selectman Roger Collins told the board that litter distributed along Main St. by patrons of MacDonald's keeps the whole area from Harding St. to Shawshen Square "unsightly." Both Collins and Selectman William Stewart pointed out that MacDonald's management does a good job of policing their own grounds.

during the period administrators had to work without an auditorium.

Since Town Meeting the Building Committee has been at work with school officials to tighten the plans wherever possible. Last week they cut some space in the area of the principal's office, eliminating a vault and encouraging use of a fireproof file cabinet for storage of student records. Town Manager Richard Bowen has suggested that such records could be put on microfilm.

The committee added two additional guidance counselling rooms, making a total of six. It was felt they will be necessary when the school population reaches the 1,800 maximum.

Relief Is In Sight For Main Streeters

Two 12th District representatives have interested themselves in the plight of North Main St. residents who, because of Rt. 488 construction, must now go to Lawrence to get to their Andover homes.

Rep. Albert Pettoruto told the Board of Selectmen Monday that all necessary state offices have cleared plans for a crossover from South Union St. to the highway-trapped homes.

Because federal funds are involved, he said, U. S. government clearance is required but state officials expect this to be a matter of formality.

Earlier Rep. Arthur Williams had taken up the residents' cause, instituting the request that put the state DPW to work on a solution. Complaints were received from both Dr. John J. McIntosh and M.J. Burke Memorial Funeral Home.

AHA Hockey Season Set

A registration day for boys wishing to play hockey this winter in the Andover Hockey Assoc. program will be held Sunday from 2 to 3 p.m. at Summer Smith Hall, Phillips Academy.

The AHA program is open to all boys, 6 to 15 inclusive, who live in Andover or attend Andover schools. The age of participants is to be figured as of May 31, 1964; no boy will be allowed to participate who has not reached his sixth birthday nor who reached his sixteenth birthday before June 1.

According to AHA representative Richard E. Neal, it is important that boys planning to play register Sunday so that proper grouping of the boys can be arranged.

The boys are divided into four classifications by age and ability. Tentative schedules call for boys in the 6-9 age group to be playing between 9:45 and 10:45 a.m. on Saturdays; boys in the 10-11 age group between 8:45 and 9:45 a.m. on Saturdays; and boys in the 12-15 age group between 6 and 8:45 a.m. on Saturdays with a selected team of these boys also playing between 7 and 9 a.m. on Sundays.

Each participant must pay a \$5.00 registration fee which will be used to help defray costs of accident insurance. This fee is payable at the time of registration.

Each participant will furnish his own equipment: helmet, skates, pads, sticks, gloves, mouthguard, etc. The AHA will furnish goalie's protective equipment. No participant will be allowed on the ice without a helmet. Mouthguards are strongly recommended.

The first sessions of the program will be held on Saturday, Nov. 21.

Neal offers the following suggestions, to parents of boys participating in the program for the first time: Since the most important piece of equipment is skates these should be selected carefully. The boot should fit the boy's foot snugly so that only one pair of athletic socks need be worn. Gloves and shin pads should be the lightest possible for young players. Helmets should be of good quality with a chin strap. Mouthguards are strongly recommended.

Jack Neal, son of Erwin H. Neal, 326 S. Main St., has been elected vice president of the Freshman Class at Arkansas College.

BETTY'S NOTES

It's most interesting how the different furniture styles are favored in various sections of the United States. A recent survey by "Home Furnishings Daily," one of the national trade publications, shows that Colonial bedrooms suites are firmly entrenched in our northeastern states. Contemporary is the big favorite in both the mid and far west. Colonial, again, prevails as the favorite in the south but the southwest shows its preference for French Provincial. These are samplings of the national furniture taste.

We New Englanders are still strongly Colonial in our other rooms as well, though figures show that Italian Provincial has made strong gains here since 1961. It's interesting, also, that French Provincial generally leads Contemporary in New England averages. Yet another highlight of this report shows that some homes having a central Colonial theme often employ French Provincial in their dining room pieces and Contemporary styling for their occasional pieces — at least, that's what the averages say. See you here next week.

TRAVELERS DELIVER ANDOVER'S SCROLL

(Continued from Page One)

Lynn told Perkins, "Every day you were away, it got worse. We grew more and more envious and we were thankful when you were back again and we were envious no more."

With the mayor were Mr. and Mrs. O. G. Marshall, the only Andover, England residents in the touring group to the U. S. Also at the ceremonies were G. W. O'Connor assistant editor and assistant manager of the Southern Evening Echo and John Matheson, deputy news editor, both of whom were with the touring group.

In reporting the gift to the Borough Council, Mayor Lynn told members that he had been informed that residents of Andover U. S. A. are most interested in Andover England, and that "A real bond of friendship exists between the two Andovers."

The parchment scroll sent read -- "Greetings. May this visit to Andover in celebration of the centenary of Southern Newspapers foster further understanding and harmony between the two nations."

Gifts to the town and Board of Selectmen delivered by the touring group when they were here included a framed print showing an Andover, England street and a photograph album with pictures of the Mayor, his family and Andover scenes.

Japanese Film Opens AFS Season

"The Island", award winning Japanese film, will be shown Friday at 8 p.m. at Andover High School Auditorium to benefit the American Field Service exchange student program.

This film has been called "a small masterpiece in all its simplicities." It portrays the struggle for survival of a family on a small island. The background is the land and the sea. The sounds are the natural sounds of activity; there is no dialogue.

"The Island" is the first of a series of three foreign films planned for 1964-65. The American Field Service student exchange program brings high school age

students to this country and sends Americans abroad in an effort to better international understanding.

Tickets are available from Mrs. Herbert Lake, Robert Klie, Richard Marciano and at Cole Hardware.

Packers Champs In JF League

The Indian Ridge Packers climaxed a 5-year struggle by winning the 1964 championship in the Andover Junior Football League.

They finished the season with five wins and one loss, defeating the Shawsheen Patriots 12 to 0 Sunday. The team's one loss was to the Patriots who came through the season with two wins, three losses and one tie.

In a second game Sunday, the Ballardvale Browns downed the Central Colts 14-6, winding up in second place with a total of four wins and two losses. The hard fighting Colts came through with no wins, five losses and one tie, the high point of their season a close 13-12 defeat at the hands of the Packers.

The League ended its season Sunday with Parents Day. An awards banquet for the 10 to 13 year-old players will be held Nov. 18 at 6:30 p.m. in the Andover High School cafeteria.

Artie Graham of the Boston Patriots will be the speaker and both team and individual awards will be presented, among them the Gus Connolly Memorial Award. Each team nominates two players for this award, the winner being selected by a committee representing the League. Runners up will be given certificates appointing them to the Guard of Honor.

ROBERT G. BARENBOIM

IRVING M. LEOFF

Nice Folks To Know . . .

Over fifteen years ago, Irving M. Leoff and Robert G. Barenboim bought the Clark Motor Company. When the new partners, brother's in law, incidentally, took over the reins, they retained the service department intact and for that reason, some of the mechanics have more seniority than the bosses. But you get good service. Mr. Leoff and his wife Shirley, live in Shawheen Heights. They have two children, Richard, a fancy pigeon raiser (Mass. award at the Topsfield Fair) and Francine, (Massachusetts, Northshore, and N. E. Reserve champion in equitation.) For hobbies, every member of the family has a horse of his own. Mr. Barenboim and his wife Phyllis, live on Carleton Circle, Andover, with their four children, Andrea, in Andover High, Debbie, in Junior High, and twins James and Thomas in South School. The Clark Motor Company is a winner of the Chrysler Corporation's Medal of Merit for service, and last year trips to Bermuda and Las Vegas were won by these partners for sales.

Old-Fashioned Barrel Chairs

Something different. A barrel chair, made from genuine, solid oak bourbon barrels, with metal straps and upholstered seat can now be seen at the Columbia Auto Seat Cover Company, 165 South Broadway, Lawrence. These chairs are marvelous complementing pieces to home bars, dens, playrooms - almost anywhere in the home. After the oak barrel is cut to shape, regular easy chair springs, straps, and foam rubber are added. This is then covered by a durable naugahyde vinyl material in any of hundreds of colors to match any home decor. The solid oak staves are sprayed in a neutral finish so all the natural beauty of the wood can be seen. Naturally, the bourbon is long gone. These chairs are priced at a low \$65.00. The Columbia folks also custom build furniture for playrooms, bars and dens. This is all sturdy, washable furniture that can really take a beating year after year and still look good. Stop in soon, and get a new perspective on utility furniture.

priced at \$1795.00. Drop in and see these beauties, and many more, at Berube's Auto Sales . . . Home of guaranteed used cars.

Mum's The Word . . .

Fall is the traditional chrysanthemum time. For fall home decoration, Mums reign supreme. And the crop of mums is better than ever this year. Valentine Florists, 27 Main Street has a newly arrived shipment of both potted and cut mums, fall Poms and the large standard varieties. These flowers are the ultimate for fall home decoration. In addition to the colorful chrysanthemums displayed, Mr. Trull also has carnations, roses and snapdragons, all very popular for autumn decoration at this time of year. Now, while mums are so available, drop in to the Valentine showroom and select a centerpiece for your dining room, or a potted plant for your brightest window.

Luncheon Special . . .

A truly great place to drop in for that extra fine lunch is Luigi's Restaurant, Methuen & Newbury Streets, Lawrence. Business men appreciate the rapid, efficient service that enables them to enjoy an excellent meal, yet return to the office in time. Shoppers enjoy just stopping in for a snack or a lunch between sales. Truly continental in atmosphere, with excellently decorated interior, Luigi's has become an important stop when downtown, Italian and American style cooking makes a menu that is very wide ranging in variety of dishes. And of course, there's a service bar with cocktails to sharpen the appetite before that dinner. Stop in soon and enjoy a really fine meal, you owe it to yourself.

League Looks At Planning, Pollution

An explanation of just what the Central Merrimack Valley Regional Planning Commission is recommending for Andover will be one of two subjects discussed at Nov. 17 and 19 unit meetings of the League of Women Voters.

On the program also is a report on the status of the pollution abatement program for the Merrimack River.

As part of its presentation of proposals and suggestions for implementing them, the study committee will conduct a mock public hearing during which "proponents" and "opponents" will present their case on purification of the river.

On the planning study committee are Mrs. David Darling, Mrs. Robert Gaynor, Mrs. Frederick Kidd, Mrs. Alfred Kleider, Mrs. Thomas Noyes, Mrs. Milton Ratynski, Mrs. Edward Reynolds and Mrs. James Keck, chairman.

The pollution study was conducted by Mrs. Norman Constantineau, Mrs. David Erickson, Mrs. Joshua Miner, and Mrs. Harold Rafton and Mrs. G. H. Sherrerd, chairman.

Meetings are scheduled as follows: Tuesday, 9:45 a.m. at Graham House, Wheeler St. and at 7:45 p.m. in the home of Mrs. Donald Sagaser, 56 Chestnut St.; Thursday, 9:45 a.m., Graham House and 7:45 p.m. at the home of Mrs. George H. Edmonds, Bancroft Hall, Phillips Academy.

Harpsichord Is Featured

A concert of baroque chamber music will be presented on Sunday afternoon, Nov. 15, at 3 p.m. by The Andover Trio with assisting instrumentalists.

Focal point of the recital will be the school's new Zuckermann harpsichord which is to be played by Randy Bourne, P.A., '65.

The Trio, Robin Batteau, '65, 1st violin; Lee Edwards, '66, 2nd violin; and Mike Madison, '65, cello will also be assisted by John Levine, '65, of Lowell, on recorder; David Hughes, '66, 3rd violin; Rick Bennett, '65, string bass; and Bob Duffy, '66, tenor.

The Underwood Room of the new Arts and Communications Center is considered an ideal place for the performance of chamber music, because of its relaxed and intimate atmosphere.

This program, both brief and varied should be fine for children. All who are interested are welcome for after-dinner coffee or tea (cider for the little ones), and good music at 3 p.m. on Sunday. There is no charge for this recital.

Mr. and Mrs. Ernest Comeau of Lovejoy Rd. visited with relatives in Brighton, Mass. on Sunday.
